Thermalito students participate in American Ninja Warrior Challenge

District set reading goals this winter and all students who met the goals joined in on the challenging obstacle course at Oroville Municipal Auditorium.

Students from schools throughout Thermalito Union Elementary School District gathered at the Oroville Municipal Auditorium in April and stretched their athletic abilities at a challenging American Ninja Warrior obstacle course.

In November, the Ninja Coalition offered to bring the popular program to Butte County, provided schools would set academic challenges for their students. TUESD educators focused on reading and all students meeting the reading challenge, based on their grade level, were invited to participate in the event.

Poplar Avenue students raised funds for “Pennies for Patients”

Poplar Avenue School students showed their caring spirit this spring by collecting spare change to help kids with cancer. The “Pennies for Patients” drive raised almost \$1,500 for the Leukemia and Lymphoma Society. To celebrate that huge success, classes that raised the most money got to throw a pie at their favorite teacher.

But spare change wasn't the only thing donated: Teacher Lauren Albert and several inspired students also donated their hair to Wigs 4 Kids, an organization that provides wigs at no cost for children who experience hair loss due to cancer.

Through these experiences, students learned that helping others not only feels good, it can be downright fun!

Parent Paint Night at Plumas Avenue School

Parents and community members are encouraged to attend regularly scheduled “Parent Paint Night at Plumas” events. The fun class is taught by teacher Eme Zhou.

To get on the list for the next Paint Night, call Pang Xiong at the District Office, 538-2900.
